Clear and Robust Images

Capture your audience's attention when showing videos, image and presentations. TRUTOUCH VN series' 4K UHD resolution delivers clear and robust images, even when multiple users simultaneously project their screens in quadrant view.

Maximized Viewing Angle

VN series adapt optical bonding technology that eliminates the gap between surface glass and display, and resulting in a 178° viewing angle. No matter where you sit in the meeting room, the image is just as clear.

Tools that evoke
