

# MTM-58 5 GHz Interlinking Transmitter Module

## Features

- Compatible with ISM 5.8 GHz receiver modules.
- 12 selectable channels, with LCD display.
- Modular design allows for easy installation and maintenance.

## Specifications

Frequency Band	ISM 5.8 GHz
Bandwidth	125 MHz
Preset Channels	12
Oscillation Mode	PLL synthesized
Output Power	20 mW
Spurious Emissions	< -40 dBm
Compatible Models	MA-929, MA-828, MA-727, MA-505
Dimensions	75 × 35 × 165 mm (W × H × D)
Weight	78 g
Note	Refer to the actual product in the event of product description discrepancy
